

## Gaming PC incl. garantie Ryzen 5 16GB RAM 1TB NVMe (625 EUR)

Locatie **Overijssel, Hardenberg**  
<https://www.advertentiax.nl/x-2054232-z>

Deze gaming pc hebben wij samengesteld uit nieuwe onderdelen die wij nog op de plank hadden liggen en refurbished onderdelen.

De PC is (net als onze nieuwe pc's) zo opgebouwd dat hij in de toekomst eenvoudig uit te breiden is. De gaming pc komt plug-and-play geleverd en met een nieuwe actieve Windows 11 Pro installatie. Het is mogelijk om de laatste games op hoge kwaliteit en 1080p gaming te spelen.

### Specificaties

CPU: AMD Ryzen 5 3600 -- Vergelijkbaar met een i5-12400F!  
 Videokaart: Gigabyte AMD Radeon RX 5700 XT (8GB GDDR6) -- Sneller dan een Nvidia RTX 3060!  
 Moederbord: ASRock B450M PRO4 R2.0  
 Voeding: Corsair TX550M (550 Watt)  
 Opslag: Kingston NV2 500GB NVMe-SSD 3500MB/s  
 Werkgeheugen: G.Skill Aegis 16GB DDR4 (2x 8GB 3200Mhz )  
 OS: Windows 11 PRO (nieuwe installatie + licentie)  
 Kast: Lian Li Lancool 205M MESH met ARGB Fans  
 Garantie: 6 maanden (op factuur, via Epicbuilds)  
 Extra: Gratis verzekerd verzonden via PostNL

Kortom, een PC waar je nu nog vele jaren plezier van kunt hebben maar ook daarna voor een kleine prijs

|                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |
