

# Nissan Leaf Zero Edition 40 kWh - New Battery (16.500, EUR)

Locatie **Zuid-Holland, Vlaardingen**  
<https://www.advertentiax.nl/x-2056970-z>

Selling our Nissan Leaf Zero Edition 40 kWh due to the purchase of another electric vehicle.

This is the most luxurious version of Nissan Leaf and we always took very good care of it. No pets, no smoking.

We replaced the battery in Zeuw & Zeuw Dan Haag in December 2023 and it is still under warranty (1 year + unlimited mileage). The normal price for replacing the battery is € 12,384 excluding VAT and installation costs.

When the battery was replaced, the car had 133.000km. Now the car has 144.000KM so the new battery was used for only 11.000 km. Battery capacity is at 100%.

APK expiration date 22-02-2026  
 Range electric city WLTP 389 km  
 Range electric WLTP 270 km
