Brodit ProClip for Peugeot 2008 / 2008e (GT version)

Selling a Brodit ProClip that fits the Peugeot 2008 and 2008e models. It was previously used in my Peugeot GT, which has a slightly larger display.

This ProClip is the best choice for Peugeot owners because it doesn't block any air vents, ensuring your phone stays at a comfortable temperature—no more overheating or getting too cold!

I used it with an iPhone 12 Pro Max, even with a bulky Otterbox case, and it fit perfectly. It's also compatible with other brands like Samsung.

Pick-up only.

For more details and pictures of the ProClip, check this link (visit broditcenter dot nl and paste this at the end of the slash brodit-proclip-peugeot-208-20-angled-mount)

Note: The link shows the ProClip, but I'm also selling the phone holder separately, which is priced around
