Inleiding

Production employee

Bedrijfsomschrijving

Our client is a global market leader in the development, production and sale of smart adhesives. You will be working at a location with an informal and collegial working atmosphere. Colleagues are always there for each other and there is ample parking available. In addition, you can enjoy an extensive range of sandwiches and salads in their canteen during the morning shift. Your health is also taken into account; two pieces of fruit and a carton of yoghurt or milk are available free of charge every day.

Functieomschrijving

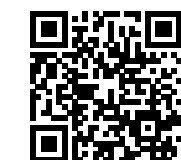

As a production employee, you are responsible for mixing raw materials and producing adhesives and sealants. Using a set recipe, you collect the necessary raw materials and ensure that they are processed correctly in the machines. Safety is a top priority, so it is essential that you follow the safety regulations carefully. At the end of your shift, you carefully hand over the work to your colleague, so that production runs smoothly.

Other activities include:

Follow the usual operating procedures; Keep the workplace clean and working carefully; Carry out minor maintenance on the machines; Work in a 2-shift system, where the week you work from 06:00 to 14:30 and the other week from 14:30 to 23:00.

Functie-eisen

Full-time availability in a 2-shift system; Good command of the Dutch and/or English language; Own transportation to reach the work location
