

## Garagebox 24m2 Emmen (Vrij op naam) (26.990 EUR)

Locatie **Drenthe, Emmen**  
<https://www.advertentiax.nl/x-2059926-z>

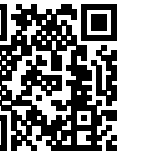

GaragePark Emmen ligt aan de Phileas Foggstraat op het bedrijventerrein Bargermeer, nabij Emmen. Bargermeer is het grootste bedrijventerrein van Noord-Nederland. De locatie is dan ook uitstekend bereikbaar vanaf o.a. de provinciale wegen N391 en de N862, waardoor iedere bestemming in de regio moeiteloos bereikbaar is. Ook de A37 ligt vlakbij Emmen, waardoor het park vanuit meerdere richtingen gemakkelijk te bereiken is.

- Kenmerken**
- 3 stroompunten
  - Verlichting
  - Eigen elektrameter
  - Nieuwe vloercoating
  - Eigen brievenbus/postbus én huisnummer
  - Brand- en inbraakbeveiliging
  - 24/7 toegang met persoonlijke Key-Tag
  - Begane grond

**Afmetingen**  
 Lengte : 800 cm  
 Breedte : 300 cm  
 Hoogte : 300 cm

Oppervlakte : 24m2

De huurprijs is € 26.990,- per jaar BTW

|                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                     |
