ASUS VivoBook X513EA - Barely used laptop in good condition, perfect for both work and personal use. It features an 11th Gen Intel Core i5-1135G7 processor, 16GB RAM, and 512GB SSD. Runs on Windows 10 Home with a 15.6" full HD display, offering great performance and portability. The laptop is in great shape overall, with minimal usage, ensuring long-term reliability for the next user. The only issue is a broken "7" key on the numpad, which doesn't affect the main keyboard functions. Other than that, everything works perfectly! If you're looking for a dependable laptop for your daily needs, this lightly-used ASUS VivoBook is a fantastic option. Feel free to reach out for more details or to make an.
