I am offering my Citroën C3 e-HDi 90 Airdream from 2012 for sale. It features a 90 HP diesel engine and has been in my ownership since new. The car has never been in an accident, and the engine runs perfectly.

However, the charging system currently shows an error, and the estimated repair cost at KwikFit is €750. Additionally, the car is registered as an air-polluting vehicle, resulting in an extra €17 per month in fees. This is primarily because I haven't driven it much recently, and the diesel particulate filter hasn't been able to function optimally.

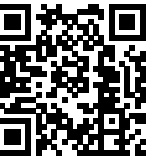

There are also some minor damages on the sides of the car, but these do not affect its performance or reliability.

Despite these minor issues, the car has been well-maintained, with a full service history and regular servicing. It remains a reliable vehicle with plenty of life left for the next owner.

If you're looking for a well-maintained car at a fair price and are open to addressing these minor fixes, this could be a great opportunity. Feel free to reach out with any questions or to arrange a viewing.

Recent maintainance
 - Brake replacements (front/rear): 2019

- Roetfilter replacemnt: 2021 and 2023
 - Oil and filter changing service, cleaning, reflation, tyre replacin
 - Air filter replacement
 - Headlight replacement
 - Tyre replacement
