

## Honda CB500 Four 1974 origineel NL blauwe plaat (4.100 EUR)

Locatie **Noord-Brabant, Schaijk**  
<https://www.advertentiax.nl/x-2072412-z>

Te koop aangeboden wegens inkrimpen hobby.

Originele Nederlandse motor uit 1974 met blauwe kentekenplaat.  
 Belastingvrij en goedkoop te verzekeren

Kleur Candy Jet Green.

Motor is volledig in orde, alles werkt zoals het hoort en heeft een elektrische start.

Veel vernieuwd en vervangen in de afgelopen jaren:

- Nieuwe elektronische ontsteking
- Nieuwe bobines
- Nieuwe bougies, bougiekabels en bougiekappen
- Voorvork keerringen
- Voorvork rubbers
- Remblokken
- Ketting
- Benzinekraan
- Koppelingskabel

|                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |
