Apple MacOS X Sonoma Bootable Installatie USB Stick

Metalen uitvoering dus super stevig

Met deze USB-stick heb je een bootable installatieprogramma van MacOS Sonoma. Een herinstallatie of schone installatie uitvoeren is zo gepiept met deze USB-stick.

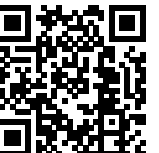

Plug-and-play:

Werkt heel makkelijk in 3 stappen, zorg dat de hdd/ssd geformatteerd is, daarna:

1. Steek de USB stick in de Macbook
2. Doe de Macbook aan en houdt de alt/option knop in gedrukt
3. Selecteer de USB stick en het installatie programma start op.

Sonoma Werkt Op Deze Modellen:

MacBook 12" 2017 of nieuwer  
 MacBook Pro 2018 of nieuwer  
 MacBook Air 2018 of nieuwer  
 iMac 2019 of nieuwer

|                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |
