I'm looking to quickly get rid of my two KTC 27" 1440p IPS monitors ( H27T22). They are currently mounted on my dual monitor arm ( Invision Dual monitor arm) which I would also like to get rid off, but also has the stand that comes with the monitors.

Monitors are working perfectly and are only about 3-4 months old.

Price per monitor: €140 (new about €200)  
 Dual monitor arm: €40 (new about €70)

€300 for everything
