Locatie Zeeland, Terneuzen

https://www.advertentiex.nl/x-2075812-z

Bedrijfsomschrijving

Nouvall Engineering Services is specialized in project support for the (petro) chemical and maritime industry.

We provide expertise in the field of Engineering, Project Management, Maintenance, Shutdowns, Construction and Safety.

Functieomschrijving

The Turnaround Materials Coordinator acts as a focal point for acquisition, scheduling and distribution of materials and supplies balancing turnaround needs against Procurement strategies. The primary job elements are to process and expedite materials to meet turnaround requirement dates.

The Material Coördinator (MC) role requires expert understanding of what each aspect of material support requires and delivers in order to facilitate acquisition, receipt and delivery of materials to the job site.

When supporting Turnaround work the focus of the Material Coordinator is to:

- Process purchase order requests for materials specified in PM (plant maintenance) orders. Obtains vendor quotes for purchase ordered materials.
- Utilizes AM/SL (Acceptable Manufacturer/Supplier List) for vendor selection.

- Use class / codes to obtain contract pricing.
- Processes repair and refurbishment of part or equipment for off-site repair.

Functie-eisen

- You have a technical Short-Cycle Tertiary Degree (i.e. associate degree technical MBO level 4).
- You have minimum 5 years of experience in maintenance, manufacturing, or another related field.
- Proficiency of the English and Dutch language.
