

Mitsubishi Outlander PHEV S-Edition 2019 (21.000, EUR)

Locatie **Noord-Holland, Amsterdam**
<https://www.advertentieX.nl/x-2081469-z>

Selling a well maintained and loved car. We are selling this because we bought a fully electric car and need only one car.

This is the top and rare on the market S-Edition trim, which means it's got upgraded suspension, 360 camera, adaptive cruise control, heated steering wheel, automatic high beams and extra premium interior.

Mitsubishi currently offers 8 year warranty or 160000km, so the car is still under warranty. The car is serviced in the official Mitsubishi center.

Car has adaptive cruise control and 360 camera which is a godsend for long trips (drove it to Portugal and back very comfortably!) and for parking. Carplay and android auto is great as well and you can get a 35eur adapter to make it wireless.

Key selling point to me is 2 220v sockets (1500w pulse sine inverter) built in - perfect for camping, working on a laptop or emergency power if you need it.

It also has a remote control app, and you can also schedule defrosting, heating or cooling.

Battery state of health is 72.6% (according to obd app), mitsubishi gives 8 year warranty for the battery

and while i don't know what the percentage should be for replacement, some users were able to get mitsubishi to replace it when it was 70%.

Also at the right time sensor died, took after a couple of corners it would be fixed, but it would be fixed with a new sensor for 600 euros (around 600 for a new sensor, 600 used, 600 new). That is why we are selling the car with discount.

Rest of the car is in perfect working order.

Overall a fantastic car, we really love it and sad to sell it but I hope we can sell to a loving family who will also make lots of great memories with!
