Description

We came to the netherlands as expats to spend here a year. We bought this wonderful camper this spring and really enjoyed our summer vacation to Germany, Austria, Belgium. It never failed us. Now it is time for us to go back to Finland so we are selling it for a really good price.

The engine works very well, it covered all the neccessary needs.

The only thing that should be fixed is the left small window and the back bumper. The rest is functioning

well.
