Mirror dinghy in ply but lots of epoxy too! An old friend, has to go. Non standard fit out after covid refit (solid teak transom, mast foot raised, drain plug installed) so not racing spec.

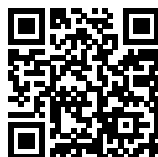

High peak gaff rig, some dyneema halyards. needs some love (rudder, some soft patches in gunwales) but sailed this summer. Includes main, jib and small spinnaker, old road trailer (recent tyres and spare wheel) and lighting board, original oars. More fun than an!!!
