Door inruil verkregen:

Versterker is werkend uit de auto gekomen.

The MOSCONI ONE 130.4 is a universal 4 channel high quality amplifier in Class AB technology. It is the ideal amplifier for speaker systems and/ or medium-sized subwoofers. The ONE 130.4 is designed as a double stereo amplifier, but can also be operated in three-/ or two-channel mode. This amplifier is powerful and thanks to the analog Full Mosfet-technology has outstanding sound characteristics.

The ONE 130.4 is available as a MOLEX version (ONE 130.4 M) or with a conventional screw terminal.

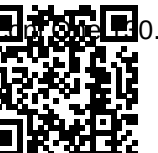

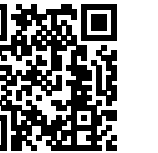

Remote volume control (optional)

G-HOC slot

Low level / high level input mode (via switch)

Auto Sense (only in High Level mode)

24 Volt version for truck operation available
