## For Sale: Electric-Assist Bakfiets Cargo Bike - Excellent Condition

I'm selling my electric-assist bakfiets, perfect for families with little ones or for carrying loads around town! Originally bought second-hand a year ago, I added an electric motor, new tires, and made some upgrades to turn it into an e-assist bike. It's been barely used since then, and it's still in great condition with very low wear.

## Features:

- Electric assist motor for effortless rides, especially with heavy loads
- Spacious cargo box suitable for kids, pets, or groceries
- New tires and recent maintenance, ready to ride
- Comfortable rear seat cushion and footrests for a second passenger
- Handy phone mount on the handlebar for easy navigation
- Sturdy design, safe and comfortable for city commuting

This bakfiets is ideal if you're looking for an eco-friendly way to get around with kids or run errands. I'm asking for [your price], but feel free to reach out if you have any questions or want to arrange a test.
