

## Acer Aspire One D257 Dualcore wit - 320GB - accu 5 uur (139 EUR)

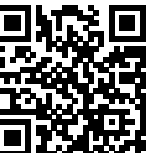

Locatie **Zuid-Holland, Nieuwpoort**  
<https://www.advertentiax.nl/x-232696-z>

Nette Acer Aspire One D257-N57DQws ZE6 netbook

Intel Atom N570 Dual Core 1,66Ghz  
 1GB geheugen  
 320GB harddisk  
 10,1" LCD resolutie 1024x600  
 Cardreader  
 Webcam  
 Wifikaart 802.11b/g/n  
 6 cell accu gaat zo'n 5 uur mee (normale stand, op energiebesparing nog langer)  
 Netadapter  
 Kleur wit met zilver  
 Originele doos erbij

Windows 7 starter met Android mogelijkheid  
 Windows is teruggezet naar fabrieksinstelling en daarna volledig geupdate dus schone start  
 Office 2010 starter (word en excel)

Van binnen en buiten stofvrij en schoon gemaakt, in nette staat.  
 Bovenop de kap paar kleine krasjes en heel klein scheurtje in schermframe maar valt nauwelijks op (foto

|                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                              |
