You got problems with your T3 WBX Engine?
 Worried about buying an unknown 2nd hand engine?

Dream & Drive also specialize specifically in VW T3 WBX Engines.
 Right in the middle of Amsterdam (very easy parking),
 we offer a 'fast' solution to any problems.

If your WBX is using water, chances are that the cylinder heads are leaking.
 Using oil?, probably the engine is in need of new piston rings.

The WBX is one of the most fascinating & complex engines to come out of Germany in the 80's. Much under-rated, these engines are beautiful if kept in top condition.

From €250 ex btw inspection. All work is guaranteed.
 Major engine rebuilds c €1,950 x btw.
 Payments via Pin, Transfer, Cash or (Credit Card +4%)

We are here to help you. Give us a call.
