Hello,

We are selling our Renault Laguna 2 in very good shape and well maintained.  
 The distributie belt has been changed less than a year ago, bougies new as well as the contactors, tires have been changed this summer, and the brakes are also only a few month old.  
 We simply sell it because we need a bigger car (children, dog, etc...).

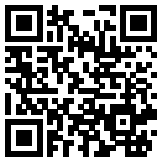

The price of the road taxes is 60€/month.

For more info, feel free to contact.
