Peugeot 306 Break (2002) for sale MOT, 21 Nov 2015 Due to acquisition of newer cars from family we offer for sale to our car. It's a fine car that still runs excellent. Of course with some user traces. We are the 2nd owner since 2009 and present the complete maintenance history (2 garages). The car has MOT tested t / m 21 Nov 20 015. The car includes radio / CD player, towbar and new roof rack (1 x used). Because water is ever damaged the PCB so the remote control of the ignition and the lighting of the speedometer does not work anymore. Further electronic functions (electric windows, etc) work. The car has no dents and last year the timing belt has been replaced. Last service was last month.
