Milltek Sport uitlaatsystemen voor Audi A3 A4 A5 A6 A7 A8 RS3 RS4 RS5 RS6 S2 S3 S4 S5 S6 S7

Wij zijn officieel Milltek Sport dealer.

Milltek Sport uitlaten worden gemaakt van een hoge kwaliteit 304 RVS (stainless steel). Dit materiaal is niet magnetisch en minder gevoelig voor verkleuring. Deze kwaliteit RVS is gebruikt voor alle pijpen en de totale constructie voor de dempers.

De racecats zijn van het merk HJS en hebben een CPSI-waarde van 100 of 200 CPSI.
 De bochten zonder vernauwingen verzekeren een betere gasstroom.

Milltek Sport vergroot de diameter van de pijp om een hoger vermogen te kunnen verkrijgen, zonder verlies van koppel in het middentoereengebied.

Waarom kiezen voor een Milltek Sport Uitlaat voor uw Audi?

Een Milltek Sport uitlaat geeft een vermogenswinst, een mooi donker uitlaatgeluid en heeft een agressief maar apart uiterlijk:
 verbeterd de prestatie en rijeigenschappen; een scherpere reactie op het gaspedaal; een nauwkeurig gecontroleerd product; hoogste kwaliteit 304 RVS (stainless steel); een lage tegendruk voor een maximale

prestatie; verantwoordelijk ontwikkeld en geconstrueerd.
