Higher-speed Internet Access

ZyXELs P-660R Compact Series router complies with ADSL worldwide standards. With speeds of up to 24Mbps (ADSL 2+) and auto-selection between ATM and PTM modes*, the P-660R Compact Series offers the fastest throughput rates available in an ADSL2+ enabled router. Users can enjoy not only high-speed ADSL services, but also broadband multimedia applications such as interactive gaming, video streaming, and real-time audio much easier than before.

UPnP Support

The P-660R Compact Series supports UPnP discovery and UPnP NAT traversal. Using the standard TCP/IP protocol, the P-660R Compact Series can join a network, obtain an IP address, convey its capabilities, and learn about other devices on the network.

Zero Configuration Support

Thanks to ZyXELs exclusive Zero Configuration technology, the quick and easy installation aid allows users to hook up a DSL connection in minutes.

Compact Size
