Beschrijving van North:

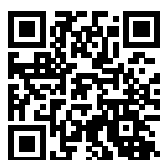

The popular Whip from last year gets a radical redesign for 2015; yet it still delivers maximum performance in small to medium sized waves. The board features a wide stable platform making it easy to ride, but also helping it to maintain speed when on the wave. In choppy conditions the new cork shock absorber helps to smooth out the bumps and the rocker line and rail shape combine to give a very smooth ride. The Whip is easy to ride and designed to be forgiving and make you look good on the water. If new school strapless freestyle tricks are your favourite pastime, then the Whip offers excellent control and agility in the air, it will stick to your feet like glue.

Ik heb dit board in bezit gekregen door een inruilactie, echter past dit board niet bij mijn stijl van.
