

# Apple Airport Express

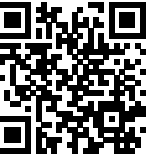

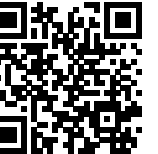

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-448932-z>

Airport Express, handig als extra WIFI router, als WIFI-extender of om je niet Apple apparatuur aan te sluiten.

Je kunt de Airport Express bijvoorbeeld aansluiten op je Audio-apparatuur om hier via Airplay muziek naartoe te streamen/af te spelen.

|                                                                                                                                                                                                                     |                                                                                                                                                                                                                      |                                                                                                                                                                                                                      |                                                                                                                                                                                                                      |                                                                                                                                                                                                                       |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |
