Thecus® is proud to announce the release of the latest incarnations of its ground-breaking line of home- and SMB-targeted NAS solutions. The 2-bay N2560 and 4-bay N4560 feature the latest Intel Atom SoCs, increased RAM, as well as all the hardware that made the original models such a success. Thecus® has also striven to improve functionality and productivity through the inclusion of the T-OnTheGo remote accessibility feature and the unveiling of the NAS Application Center online. With improved power and performance along with cutting-edge features, the N2560 and N4560 are pushing the boundaries in home and SMB.
