5-Port Fast Ethernet Switch

NETGEAR's popular FS100 series desktop switches, known for its reliability and performance, provide your LAN with high-speed, 10/100 Mbps auto-sensing connectivity. Just plug in your Ethernet cables, connect a power cord, and you're ready to go-there's no software to configure. They negotiate to the fastest possible connection and with Auto Uplink technology, these switches automatically figure out if the link needs a straight through or cross-over connection, and makes the right choice. Engineered without the need for internal fans, they operate silently. And each of these very compact switches is housed in a sturdy metal case for years of dependable use.NETGEAR's FS105 ProSafe unmanaged switch is ideal for small or growing networks requiring solid network performance, quality, convenience, and usability – all at very affordable price.5 switched 10/100 Mbps portsAuto-speed and duplex mode sensingVersatile and compatible
