

# Z.G.A.N Helderse vlet overnaads sloep in prijs verlaagd (4.495 EUR)

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-538584-z>

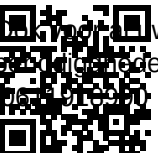

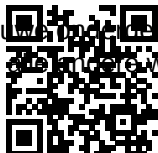

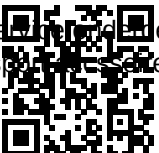

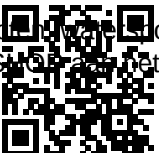

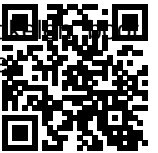

Aangeboden door Allesmarine BV:

Helderse vlet (sloop), zeer nette, complete sloop, door aangebrachte dodemanskleed onderhoudsvrij, wel een houten boot, maar nooit meer lek.  
 Voorzien van bij horende kussens, buiskap (zie foto), compleet afdekzeil +beugel zodat de boot rustig in het water kan blijven liggen zonder dat deze vol komt te staan met water. Alles in en rondom de boot is in zeer goede conditie.

Compleet aangepakt door ons:  
 Houten dek voorzien van nieuwe lak lagen, meerdere 2 componenten lak lagen, + laatste 1 component uv bestedige lak laag , het dek kan er weer jaren tegen aan. Onderwaterlijn voorzijn van dodemans kleed, in de polyester gezet, en voorzien van epoxy 2 componenten primer en lak, daarna voorzien van 2 lagen Antifouling.

Eventueel in combinatie met buitenboordmotor en/of trailer te koop

Bezorgen is mogelijk, trailer gebruiken is mogelijk, alles kan in overleg.

|                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                         |
