You can't stand it! You know we planned it! We're gonna set straight this leopard state. Oh my God, it's a mirage. I tell y'all, it's Sauvetage! Full-coverage leopard print over a raw finished shell sets the Airframe Sauvetage apart from its wallflower brethren. Far apart. Complement this Serengeti stance with toothy fish grin and the result is clear...a graphic faux pas fit for only the bravest hunter. Do you have what it takes to ride the dandy cat?
