I apologize for this not being in Dutch. We are an American family and we're moving back to the States at the end of August. That means we have to part with our car. We have driven it all over Europe and it have never given us any problems.

New tires put on at 231,000km.
 Last oil change: 234,790km

Some upgrades include: JBL stereo, 6 CD changer, aux port for external devices, MP3 audio, Bluetooth, 16" alloy wheels, GPS, Fog lights, and a roof top cargo box.

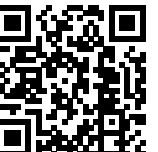

The car has been outfitted with a Thule Roof Top Cargo Box. The box is a Touring 200 model (<http:bit.ly/1RC9f6X>) attached with these wing bars (<http:bitly.com/1HSpzW7>).

I will include some photos in the near future. That will help you with the condition of the car. In brief, the exterior is OK as we have been backed into on two occasions. The damage has been mainly supeficial and located on the bumpers only, not on any of the car doors. The interior is good/fair. The cloth seats have no holes or rips; just normal wear on places like the armrests. SMOKE-FREE!

Price is firm and with the cargo box included.

The car will be available mid - late August, but feel free to arrage a viewing/test drive before then.
