

## Fiat Logo badge voor op de motorkap groot model (30 EUR)

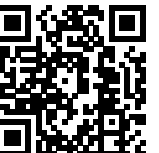

Locatie **Zeeland, Sas van Gent**  
<https://www.advertentiax.nl/x-616677-z>

Het veel gezochte grote badge voor de Fiat 124 sport of spider. Is helemaal nieuw.  
 Let op dit is de grote versie dus niet passend op alle modellen. Is uiterst zeldzaam.  
 Compleet met Pin. Is helemaal nieuw

Prijs : 30.

|                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |
