

## RVS uitlaat demper C-Flow Mufflers RAW Serie (127 EUR)

### C-FLOW MUFFLERS RAW SERIES

Locatie **Zeeland, Kapelle**  
<https://www.advertentiex.nl/x-685004-z>

#### RAW SERIES

Deze rvs demper geeft een mooi diep agressief geluid, en geeft de auto een echte vintage muscle car sound!! Door de grote interne diameters heeft deze demper een zeer goede flow en is daardoor geschikt zowel voor small block als big block motoren.

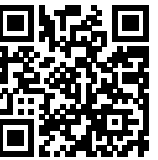

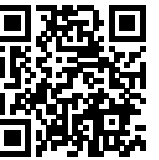

Merk : C-Flow Mufflers  
 Type : RAW Series  
 Universeel toepasbaar

Alle dempers worden 3D ontworpen, laser gesneden en TIG gelast!  
 The best vintage sound for your American V8 muscle car. Three-chamber design for a deep and aggressive sound. 100% Stainless steel and fully welded for guaranteed long life. Available in 2-1/4", 2-1/2" or 3" inlet and outlet. Different positions for in and outlet possible.

Info:  
 Lengte case : 33 cm. Lengte totaal : 48 cm. Breedte : 24 cm. Hoogte: 10 cm. Afwerking : natural.

Ook voor het vervaardigen van een custom made uitlaatsysteem in roestvast staal, bv van enkel naar dubbel systeem, alles word TIG gelast!

Of natuurlijk gewoon voor het plaatsen van uw dempers.

|                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |
