

# Qnap TS-859 Pro (8-bays) NAS met 8 TB (750 EUR)

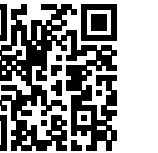

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-694382-z>

Zo goed als nieuwe Qnap TS-859 Pro+ met 8 schijfposities. Zit vol met 8 x Western Digital 1TB WD1003FBYX schijven uit de Enterprise Storage lijn. Deze 3Gb/s schijven met 64MB cache zijn bedoeld om 24x7 aan te staan.

De NAS is voorzien van de laatste firmware en werkt naar behoren. Is overbodig geworden na een virtualisatieproject.

De Qnap TS-859 Pro+ heeft 5 USB-poorten, twee maal 1Gb ethernet, twee eSATA en een.

|                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |
