

# 7 Inch TFT Mirror Car Rearview Monitor Backup LCD Screen (39,99 EUR)

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentieX.nl/x-713417-z>

## Description:

7" Color TFT LCD Car Rearview Monitor with 2 video input, works perfectly with car rearview cameras, supports Car DVD/serveillance camera/STB/satellite receiver/other video equipment.

7" LED Backlight Color TFT LCD monitor.

High-resolution picture.

Full color LED backlight display.

With 2 AV input.

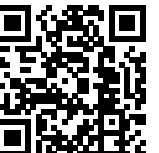

AV1 connects to car DVD, VCR and other video equipment.

AV2 to car backup camera.

Parking rearview priority: The monitor will start up automatically, and synchronously display the video

from rearview camera when you're backing your car; the monitor will close itself after backing. It can be set to return to camera automatically while you're backing, or it can change to a different scene after a set time.

Screen ratio 16:9 adjustable.  
 Brightness/contrast/color adjustable.  
 2 ways to install: standing or mounting.

|                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                          |
