

## Heiwerken buispalen funderingsvernieuwing paalfundering

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-760769-z>

Trillingsarm inheien van stalen buispalen ten behoeve van paalfunderingen voor serres, uitbouwen, (prefab) garages, mastfundering, machinefundaties, funderingsherstel en funderingsvernieuwing. Speciaal in eigen beheer ontwikkeld om te heien in of in de nabijheid van oudbouw. Door het lage eigen gewicht van de machine is het mogelijk om over een houten vloer te rijden en vanaf een houten vloer te werken. Al 30 jaar een begrip voor aannemer en particulier. Transportbreedte 80cm, hoogte 190cm !  
 Tel: 0786352639

|                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |
