

Hifonics TSi800-IV versterker (180 EUR)

Locatie **Limburg, Horn**
<https://www.advertentieX.nl/x-781396-z>

Hierbij bied ik mijn Hifonics versterker aan, dit is een zeer robuuste versterker die wel tegen een stootje kan, versterker ziet er nog erg netjes uit en werkt nog voor de volle 100%. Bij vragen kunt u mij altijd een berichtje sturen

Hifonics TSi800-IV 4 kanaals Versterker
 4 x 110 W/RMS @ 4 Ohm
 4 x 175 W/RMS @ 2 Ohm
 2 x HP 10-1200 Hz, LP 30-150 Hz,

 Bass-Remote with Power/Protect LEDs
 220 x 55 x 380/445 mm

*Owner's Manual

The all new TITAN TSi series continues the advancement of powerful HiFonics amplifiers in modern but compact design. Compared to the forerunner models, the selection of highly efficient components allowed reducing the total size of the footprint by approximately 20%, but without bearing power and performance or weight of the heat sink. Brand new are the integrated HiFonics basic features like the auto-turn-on function by sensing the input audio signal and the switchable high level inputs of the RCA input jacks, which make the integration of all TITAN models in OEM factory systems and already existing car audio

set-ups more easy. Performing in the top-class sound quality league, the TSi amps feature high-speed digital processors and low noise output audio stages and will therefore be very suitable for listening music in the premium car audio class. The integrated LED illumination of the acrylic logo-panel inlay combined with the new de-cast end caps creates the new look of the new generation of HiFonics car audio products.

Acrylic logo-panel inlay with switchable blue-illumination (white or blue)
 20% more compact footprint
 Low-noise input OPamps (9VDC slew-rate)
 Heavy aluminium heatsink for perfect cooling
 De-cast end caps with mounting channels
 Molded power and speaker terminals
