

HPE 81Q 8Gb 1-port PCIe Fibre Channel Host Bus Adapter (250 EUR)

Locatie

Noord-Holland, Amsterdam

<https://www.advertentiax.nl/x-794047-z>

OverviewThe introduction of the HP PCIe 8Gb Fibre Channel Host Bus Adapters brings datacenter infrastructure components to a higher level of performance and efficiency with the ability to deliver twice the I/O performance of 4 Gb FC HBAs. An 8 Gb Fibre Channel HBA purchased today is backward compatible with 4 and 2 Gb storage networks and will protect future investments. When using storage intensive applications, such as backup/restore, database transactions, virtualization, and rich media, the increased performance of the 8 Gb infrastructure enables more rapid storage and retrieval of critical information.Finally, PCIe 8Gb FC Host Bus Adapters provide a number of features that work together to reduce power consumption, thus delivering a "green" benefit within the server.**Features**The Highest Performing Fibre Channel Host Bus Adapters• The PCIe 8Gb Fibre Channel Host Bus Adapters deliver twice the I/O performance of 4Gb FC HBAsBest Fibre Channel HBAs for Virtualization• Ideal for the implementation of virtual servers with the power to drive multiple virtual machines.Latest Technology Supports Green Initiatives• HP 8 Gb FC HBAs have unique features in support of 'green' server technology.
