

Road Zeppelin Air Adjustable Seat 52000147 (300 EUR)

Locatie **Noord-Brabant, Geldrop**
<https://www.advertentieX.nl/x-803233-z>

Road zeppelin Seat voor dyna modellen vanaf 2006

Gekocht uit het faillissement van Harley dealer Amsterdam.

Nieuwprijs 717 euro

The mating of comfort and style. Low-profile Road Zeppelin® Seats are equipped with a unique adjustable air bladder system that distributes your weight across the seating surface. The air bladder system removes pressure points and provides shock absorption for the rider's and passenger's tailbone. You get hours of riding comfort without sacrificing the low-slung custom look. The combination of smooth vinyl and waterproof textured fabric seating surfaces allows air to circulate beneath the body, reducing the air temperature between the rider and seat. The easy-to-reach integrated hand pumps and air release valves permit quick and convenient adjustment for both the rider and.
