

## Nieuwe Windows 7 Pro COA licenties upgradebaar Win 10 (40 EUR)

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-824127-z>

Te koop aangeboden

5x Nieuwe originele OEM Windows 7 Pro COA licentiestickers over gebleven van projectje.

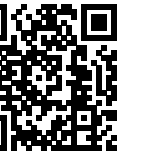

5x Nieuwe originele OEM Windows 7 Pro COA licentiestickers

- de licentiesstickers zijn geheel nieuw en niet van een of andere PC of laptop verwijderd
- te gebruiken voor elke Windows 7 Pro OEM installatie
- zowel te gebruiken voor 32/64 bit
- voor alle talen te gebruiken
- uiteraard volledig te activeren
- upgradebaar naar Windows 10 Pro

Het betreft hierbij dus om originele Microsoft OEM Windows 7 Pro COA licentiestickers (dus niet alleen de licentiesleutel waarvan de herkomst niet bekend is die je bij de meeste aanbieders via de email toegestuurd krijgt!)

VASTE PRIJS: €40,- p/s

De licentiestickers kunnen bij mij worden opgehaald of per post worden opgestuurd (€2,50)

|                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                           |
