

## Asus Transformer Book T100 - Win10 Tablet met Toetsenbord (150 EUR)

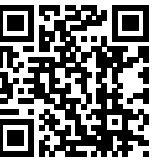

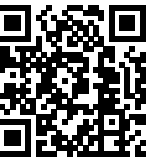

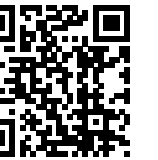

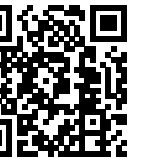

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-828400-z>

Handige kleine Windows tablet die je ook als computer kunt gebruiken. Door de tablet aan het toetsenbord te koppelen kun je gebruik maken van de 500GB (!) harde schijf die zich daar in bevindt: ruim voldoende voor veel video's, foto's, of je Microsoft Word-, Excel- en Powerpoint-bestanden.

Door het kleine formaat neem je hem eenvoudig mee in je tas. Door Windows 10 is synchronisatie met veelgebruikte Office software (bv op je werk of op school) een eitje.

Ik heb hem gekocht voor eenvoudige synchronisatie met pc's op mijn werk, maar is weinig gebruikt omdat we daar in de tussentijd zijn overgestapt naar laptops.

- Asus Transformer Book T100
- Windows 10 Home
- 10,1 inch beeldscherm (touchscreen)
- Gebruik: je kunt kiezen uit pc modus en tablet modus
- Processor: Intel Atom CPU Z3775 (1,46 GHz)
- 2GB RAM (1,89 GB beschikbaar)
- 500GB Harde schijf (in toetsenbord deel)
- 1x USB 3
- achterzijde beeldscherm heeft metaal-look
- beschermhoes

|                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |
