Refurbished Dell EqualLogic PS6000, E01J iSCSI SAN Storage Array Product number:

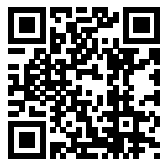

09362595-01 Serial numbers: SHM0935411GB326, SMH0935518YA771 The PS6000 is the best

EqualLogic storage area network (SAN) for high-I/O, large-scale applications such as massive Microsoft Exchange and virtual server deployments. 15,000-rpm serial-attached SCSI (SAS) drives and automated load balancing deliver excellent performance. Simplified storage management lets you get more done. Dual controllers with a total of 4GB battery-backed cache memory (Control module 7) Battery-backed cache provides up to 72 hours of data protection. Maximum 16 SAS hot-pluggable hard disk drives, LFF (discs not included) 16x empty full brackets included Drive Capacities: 15,000 RPM SAS drives available in 300 Gb, 450 Gb, 600 Gb, 1000 Gb Hosts Accessing PS Series Group: Up to 1,024 per pool / 4,096 per group Host Protocol: Any standards compliant iSCSI initiator Operating Systems Supported: Windows 2000 Server, Windows Server 2003, Windows Server 2008, including Hyper-V, Microsoft Windows Server 2008 R2, including Hyper-V, VMware ESX Server 3 / 3.5 / 4 / ESXi 3.5 / 4 / 4.1, Citrix XenServer, Red Hat Enterprise Linux, SUSE Linux Enterprise, Sun Solaris, IBM AIX, HP-UX, Mac OS X, Novell Netware RAID Support: Automatic RAID 5, RAID 6, RAID 10, and RAID 50GbE Network Interfaces: Four (4) copper per controller TCP Network Support: IPv4, IPv6 core support including JITC Expansion Option: Can be combined with other EqualLogic PS Series arrays in the same SAN group, online. Up to 16 total members per group. Reliability: Redundant, hot-swappable controllers, power supplies / cooling fans, and disks Individual disk drive slot power control Enclosure Monitoring

System: Automatic spare configuration and utilization SMART Automatic bad block replacement Auto-configuration (monitoring) (BMS) Health of the disk drive management: A S...
 Performance: Multiple performance monitoring methods: NTP, telnet, SNMP, HTTP, Web...
 Security: Serial Attached SCSI Multi-administrator support Ability to configure a...
 Security: Advanced authentication system control... Access control...
 Interfaces including RADIUS support, Notification Methods, SNMP traps, e-mail, syslog Power: AC
 Voltage: 100-240 VAC, 10% single phase Frequency: 47-63 Hz Power factor: 0.98
 (minimum) Power consumption: 520 VA, 540 Peak VA (operating maximum) Heat dissipation: 1,740
 BTU per hour (maximum) Power supplies: Dual 440W DC Chassis: Height: 13 cm (EIA units) A Width:
 48.26 cm Depth: 55.1 cm Weight: 36 kg (maximum configuration) € 99,95 ex. 21% BTW (€ 120.94
 incl. BTW) 90 dagen garantie, BTW-factuur 450,600 of 1000 Gb passende disc via onze website bij te
 bestellen. Zie van deze unit.
