RRD Global Kitebar V7The version 7 of a great bar with a great history of performance and reliability.The Global Bar V7 has been designed around the idea of safety, functionality and durability.We have taken out any unnecessary items instead of adding them, to make every component more functional. Simply said :“you cannot break what does not exist”.A simple bar that works everyday, for a long period of time. All our 4 line bars are the same width and have the same line length and work on all of our 4 line kite sizes and models. So you just need one bar for all your RRD kites. (Except for the 5 line Obsession Pro model).
