FOR SALE BY PTTM MUSCLECAR PERFORMANCE- SNEEK - HOLLAND. Europe's No1 High-quality Muscle-car speed shop.

Stunning, all original, semi survivor 1969 Chevy Camaro RS !, with its factory original 327 V8 drivetrain, factory original automatic trans and completely in super solid and all original condition. Very rare indeed. (especially for a 69' Camaro !)

This car is painted in its factory original and rare, Glazier blue metallic paint with a great shine. The complete body and floors appear to be really untouched and original and it's rust free (very rare indeed!). So if you are looking for a real original RS Camaro this must be your car !. Its equipped with its amazing looking original black interior and has also some really nice and desirable options, such as: floor shifter with console, power steering and power front disc brakes, RS nose, front and rear spoiler, factory rally wheels with trim rings and more. The engine and transmission rebuilt and so are all its other components, all the brakes, suspension and steering system.Â

The underside of the car is also in great shape (see pictures also on our website) and rust free, with new front to back original style exhaust system. The car runs and drive like the day it left the factory 50 years ago.Â

Just look at the pictures (or video on our website) and it speaks for itself, fantastic and show quality car,

and the underside is as clean as the outside, but it was also built and is ready to be driven and enjoyed
 immediately! Â

For this money, you'll get a brand new and nice car and for sure, it's original and it's a really good option. Why? Well, for Camaro's cheap on riding, it's a besides a really nice car to own and enjoy, also a great investment. A

A stunning car! Come see it live in our showroom today!, as we can sell it only once and we won't ever find a better one for this price.

For all the information, more pics and a video! please see our website!
