

# Assembly Worker (assemblage medewerker)

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-862597-z>

Functieomschrijving

On behalf of a company in Den Bosch we are looking for multiple Production Operators. The Production Operators are responsible for the assembly of motherboards that meet product quality requirements and shipment deadlines.

Responsibilities:

Assemble / Packing / Unpacking in production line  
 Employ high standards of assembly work to ensure high quality products are being produced on schedule  
 Maintaining an organized and safe working environment  
 Assist other teams if necessary

Qualifications:

High school diploma required, college degree preferred  
 Prior experience with assembly is a plus  
 Must be able to read and understand assembly instructions and other documentation used to control processes  
 Able to speak, read and write English  
 Because of the height of the assembly tables it's important that you are not taller than 1.75m  
 Physical requirements:

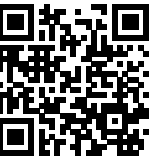

You must be able to lift, carry, push and pull in excess of 25 pounds (12 KG)  
 You have to be able to lift up to 40 pounds  
 Lifting more than 50 pounds (23 KG) will be done by two people  
 You have to be able to

make a decision  
 in a noisy environment  
 estimate on tasks  
 international assignment, a different culture  
 This is a long term job, so please only apply if you are dedicated and available for long term.

Working times are 09.00 - 17.30, although working overtime might be possible. The salary depends on your experience.

Uiteraard staat deze vacature open voor zowel mannen als vrouwen

|                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |
