The Student Hotel is where people come to have the time of their lives. We're rethinking what it means to be a design hotel for a new generation, creating boundary-blurring spaces for creatives, entrepreneurs and anyone in between. We move fast, but we put our heart into it every step of the way. TSH is a lot of things, but mostly it's a bunch of incredibly fun, quirky and ambitious people with a whole lot of fresh ideas â€” and we think you'll fit right in. Let's see what TSH can mean for you.

You'll find a special kind of vibe at TSH. We're game changers on a mission â€” to create incredible spaces that inspire people physically and mentally, so they can discover their purpose and go change the world.

Working at The Student Hotel means getting an amazing chance to discover your purpose and change the world. We care about our people, and constantly give them chances to grow. As our heroes' stories show, there are loads of opportunities to move up â€” especially because we're growing so fast.

We also care a lot about our planet, we have strived to make 10% of our business socially relevant in everything we do. To inspire ourselves and our partners we have introduced the 10% ambition; a clear goal to do things better and generate more positive impact. . Of course we're also hard at work reducing our impact on climate change by designing all of our buildings to be energy efficient and sustainable, but also by making small changes â€” for example, we recently removed all plastic straws from our locations.

Yes, we've got huge ambitions, but we believe in them like nothing else. Are you ready to be part of our community?

The Student Hotel is the fastest growing, forward-thinking hotel brand in Amsterdam and pioneer in the development of a modern hybrid positioning in hospitality that mixes premium all-inclusive long-stay student accommodation with a cost-effective short-stay hospitality offering. The company aims to revolutionize the way people live, work, meet and connect by creating unique places and communities which become destinations within cities.

In 2023 we aim to have 65 locations secured across Europe, 26,000 rooms and close to one million square meters of shared space. Our new TSHLIFE app and digital platform will connect nearly a million
