Bedrijfsomschrijving

Artiflex is een bedrijf van mensen, vÃ³Ã³r mensen. Dit ligt verankerd in onze missie om flexibele vakkrachten langdurig te plaatsen binnen (internationale) organisaties en het inspireren van persoonlijke groei. Hierdoor is Artiflex uitgegroeid tot een expert op de snel veranderende arbeidsmarkt met honderden tevreden opdrachtgevers in Europa. Met aandacht voor de persoon achter het werk en toegespitst op duurzame oplossingen. Hebben we je interesse gewekt? Kijk dan ook op onze website: www.artiflex.com

Artiflex, wij geloven in mensen.

Functieomschrijving

For a company that develops, sells and produces equipment for the maritime industry, we are looking for a technical support engineer in Nijmegen. Do you have an excellent understanding of mechanical constructions and drawings? Do you have experience with technical systems in industrial applications and are you looking for a new challenge?

The responsibility of the technical support engineer is to provide optimal and timely technical information to questions from customers (vessel owners, fleet managers, shipyards and crew on board vessels). The technical support engineer reports to the manager engineering and development.

Your future job:

[illegible]

Working in a great, motivated team
Be a part of a worldwide growing company
Personal growth within the company
A long term job with the possibility to a permanent contract
A good salary, based on experience and knowledge

Are you our new technical support engineer? Please send your resume to b.vangriensven@artiflex.com. We guaranteed will be in contact with you.

For any questions about the vacancy, you can also reach us on 0162420280 or by WhatsApp on 0615429388
