Functieomschrijving

For SABIC's Local Procurement department we're looking for an "Operational Buyer".

SABIC's Local Procurement is part of the Global Procurement Organization that is reporting into the Global Corporate Shared Services organization. As a part of the Procurement organization, the Site Procurement Team manages best in class operational processes and maximizes value for money in purchasing and managing materials & services by exploiting economies of scale and maintaining the same high performance and service level for all customers. The vacancy Operational Buyer hierarchically will report to the Operation Manager BOZ.

The Operational Buyer will be located in Bergen op Zoom and serves as a procurement business partner. Capturing requirements, identifying opportunities, intensive co-operation with the internal customers and Procurement colleagues delivering value, in an efficient manner and fully compliant with SABIC Procurement Policy is of utmost importance.

In general, the Operational Buyer role characteristic are:

- Ensure the availability of goods and services as required.

- Achieve this result at the lowest possible cost by challenging in-company demands, policies and procedures, reaching optimal and commercial conditions.

- Other duties:

- Procure local buys on time.

- Ensure the availability of goods and services as required (in time, in place, according to the specifications and accompanied by necessary certificates) so that manufacturing processes (production, maintenance, projects) can be executed as planned: without stress and the risk of huge losses due to interruption and delays. (Expediting)
