

## Alfa Romeo Alfa-147 1.6 T.spark 16V 77KW 3DR 2005 Zwart (2.999 EUR)

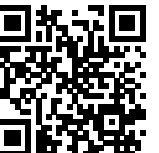

Locatie **Noord-Brabant, Breda**  
<https://www.advertentiax.nl/x-951757-z>

Alfa Romeo 147 1.6  
 \*Apk tot november 2020\*

Er zitten 4 nieuwe continental banden op.  
 sinds 2015 zonder moeite door de apk keuring gegaan, sinds 2016 bij dezelfde Volvo autobedrijf in onderhoud. Alle nodige onderhoud is altijd gedaan.  
 Heerlijke auto, waarom verkoop ik het dan? ik wil een motor kopen.  
 Rijdt, remt en schakelt soepel remklauwen zijn cherry rood geverft, hiervoor is de remklauw eerst gedemonteerd.  
 Door de vorige eigenaar is er een andere uitlaat op gezet voor onderhoud, waardoor hij net wat meer brult en toch wel voor een heerlijk motor geluid zorgt.  
 Parrot systeem en dashcam zitten nu in de auto en dat blijft ook.  
 Automatische climate control met individuele temperatuur zones (bestuurder/ bijrijder)

Aantal deuren: 3  
 Tellerstand: 185.890km  
 Brandstofsoort: Benzine  
 Transmissie: 5 versnellingen, Handgeschakeld

|                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |
