

## **Traffic-Project Coordinator**

Locatie

Noord-Holland, Amsterdam

https://www.advertentiex.nl/x-952261-z

Job Description

Looking for an exciting new role with one of The Netherlands most desired international employers?

On behalf of our customer, an International Organization in the The Hague (and later Amsterdam) region we are looking for an energetic Traffic-/Project Coordinator. This role is initially for the remainder of the year with a very likely long-term extension. You will start working in the The Hague region (till end 2019) and then move to Amsterdam from January 2020 onwards.

## The role:

This specialist program is looking for a Traffic-/Project Coordinator to support the global deployment of an in house developed Modelling platform. The deployment project is ramping up this year to large scale roll-out in all the businesses in 2019/21.

An expected 50 deployment projects will result under the umbrella of the global program. 60+ locations worldwide; 3000+ professional subsurface users, many different stakeholders with a wide variety of needs.

## Your main tasks:

Job Requirements

The ideal candidate:

An energetic person who values and promotes the social aspects of the work environment as much as the content

A self-starter who finds his/her own way in a complex organization

Proficient with SharePoint, Excel, PowerPoint

Knowledge of Project Management is a plus

Perfect (near native) in English

Able to work across all management layers from VP to work floor.

This is a demanding and very exciting role in a complex but interesting project. Room to experience what it means to work in a professional global company and learn new skills and practices.
