informatie leverancier Aviation Leathercraft:
Product Description: There is only one true Irvin and this is it. Aviation Leathercraft (part of Moto-Lita Ltd) own the Irvin trademark and manufacture this genuine jacket here in the U.K. An Irvin label within each jacket confirms its authenticity.

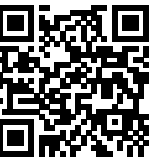

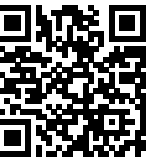

When those of us that were once small boys ran around, arms extended, making aircraft engine noises, this is the jacket we would have worn. In our mind's eye, this jacket was synonymous with heroic derring-do. If there is one item of apparel that sums up all that is best about the brave British tradition of mastery of the skies, this is it.

Of course, the Irvin Original Sheepskin Flying Jacket is practical: it's made from first-rate, hard-wearing materials and it's made with the same pedantic attention to detail demonstrated by its creator. It will last

you virtually forever - but it's not just about practical stuff - the Irvin jacket is a legend, it's part of a story that has gone on for as long as man has been flying. It's not just a jacket, it's a piece of history. It's not just a jacket, it's a piece of history. It's not just a jacket, it's a piece of history.

Length: Jackets are cut either 'regular' or 'long'. Please note: LONG does not mean a longer jacket it generally is only applicable to clients who are over 6 foot 83cms. Our 'long' cut sizes provide additional length on sleeve and back lengths for our taller clients only. Please see our size guide for further information.
