

## ZEER nette Narwhal 520 rubberboot (6.800 EUR)

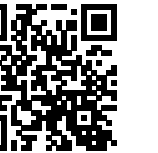

Locatie **Noord-Holland, Amstelveen**  
<https://www.advertentiax.nl/x-984367-z>

Deze set verkeert in een zeer keurige staat. Boot heeft elk jaar zijn beurt gehad. Vorig jaar is er een nieuwe schroef op gezet en de cabrateurs zijn vorige jaar alle 4 compleet gereinigd. De boot is ideaal om een hele dag te touren, of met het gezin te gebruiken, groot genoeg met tevens mooie opbergvakken. De boot is ideaal om achter te wakboarden of met de band te gebruiken. Door de diepe V-bodem is de boot ook erg comfortabel op water met golfslag.

- Max vermogen = 150pk
- Max laadvermogen 1200kg
- Inclusief trailer
- Max 11 personen

Bouwjaar set: 2005  
 Vermogen: 50 pk Yamaha 4takt  
 Vaaruren: ca. 600 uur  
 L/B 520cm/220cm

Opties:  
 - Hydraulische besturing;

|                                                                                                                                                                                                                                |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |
